Dear Mother,

How are you? I am well. Which will I come home in a bus or car? Will you let me come in a bus? I want to come at 4 oclock. I will come home in eleven more days. Mr. Rawlings gives many apples to all the girls and boys everyday.

I worked and worked all the time.

I went to see a movie Jane Withers last Saturday. I played tennis table. A magician came to school and showed us

many tricks. I know how he did some of the tricks.

I love you very very much,

Ray
